There is an old and often repeated saying, "When the student is ready, the teacher appears" and so it is with this ancient teaching, given in 4 Sacred Keys for modern day usage. The power of the Genie is well known in fables and this Genii is no exception, as she brings forth long kept secrets of universal wisdom to elevate and empower those who seek such an advance leverage. The 4 Keys to Light contain much power and light enhanced information and has, until this time, been given only to those few who could be trusted not to misuse this advanced education. Genii Townsend is a teacher readied to be entrusted with these 4 Keys -- their instruction, care and divine use. Thus, it could be said that it is one of God's best kept secrets!

From the God self of the Genii Townsend and the Kathie Brodie as trans-audio mediums, comes the treasures they have held sacred. During the learning of the 4 Keys materials, students are enlightened while receiving specific Light elevations. The sessions also include each student learning of their personal Soul Guides that brought them to these teachings. This is a program not to be missed, with all it contains, and most especially with the planetary changes taking place.

Bringing much advancement to the student's path, The 4 Keys to Light are an extraordinary and greatly accelerated initiation into higher consciousness. This program assists you in developing the ability to consciously connect and remain connected to your Supreme Light and the higher Light Intelligences that are assisting and guiding your lifestream. You will receive and remember these ancient and most holy teachings that will catapult you into mastery, self empowered knowing, sacred trust and responsibility.

In the first key, you will anchor The Word, the most powerful word of Creation to support your mission in the planetary shift and the mastering of dualistic energies. Atonement is the harmonic simplicity of tone to align all of your energetic bodies to the rhythms of the Universe. Your guiding forces of Light will make themselves known as you learn to connect to, transmit and use Divine Intelligence in your life's mission. The 4th key is considered the most celebrated moment of your embodiment. The Light Linkage will greatly accelerate your advancement, as an open channel of Love, into Oneness as any remaining separations are abolished through the Power of Light. The most important consideration to anchor these high frequencies of Light unification, is to remain in a state of absolute surrender to Divine Will and to use these teachings in your daily devotion. We all must exercise the newly expanded awareness while remembering that our mission is to embody self mastery on every level. With the assistance of The 4 Keys to Light program, we deepen our commitment and anchor our mission as Ambassadors of Light.

"Are you ready to take the next step in your spiritual journey? Buckle your seatbelt and get ready for an extraordinary journey into higher consciousness through the "4 Keys to Light. I was initiated into the 4 Keys by Genii eight years ago at a time when only a select few received these teachings. It's been a nonstop ride of being connected to Universal Guidance that one cannot even imagine. I'm deeply grateful for the empowerment and enlightenment I received through the 4 Keys." -- Richard LaDuke

"Genii took me through the 4 Keys in 2000 and it certainly changed my life. There was a subtle shift at first. Then as I traveled farther and farther away from the ceremony I began to notice major shifts that I was able to attribute back to that time. My path became clear, I trusted myself and my guidance more and the Universe stepped in to reward me for being open. Life always has its ups and downs but after the 4 Keys I could understand the reasons behind some of the lessons I was getting. That doesn't mean I always liked them, but at least I could accept them. Before the 4 Keys I felt like I was just wandering around but after the Keys there was clarity for me. I can definitely say that having Genii take me through the 4 Keys was a turning point in my life." -- Kathie Brodie, Consulting Hypnotist

The class is four hours long and it takes Genii another two hours to bring forth information on the Gatekeeper and Lead Guides for each individual participant. Until recently, tuition for The 4 Keys training had been set at \$200. Now Genii has been instructed by her Teachers to make these Sacred Teachings available to anyone who is interested and let each student make a donation for what the training is worth to each individual.
